EXPERIENCE

Web Developer Intern   June 2024 - August 2024

Dhirati Education   *New Delhi, In*

- Developed and implemented 4 responsive, user-facing pages for the company's main educational portal using React.js, resulting in improved user navigation and a more intuitive layout.
- Collaborated with a senior developer to translate UI/UX wire frames into reusable and high-quality front-end components.
- Actively identified and resolved UI inconsistencies and bugs, collaborating on code reviews to enhance the overall user experience.

PROJECTS

AI Trip Planner: [(Live Demo)](#) [(GitHub)](#)

- Engineered a full-stack, AI-powered travel application that generates personalized travel itineraries based on user's location, budget, and group size.
- Integrated the Gemini AI API to recommend destinations, activities, and schedules tailored to individual preferences.
- Implemented features for sharing generated trips and protecting user-specific routes via authentication.

E-Commerce: [(Live Demo)](#) [(GitHub)](#)

- Architected and developed a full-stack E-Commerce application using the MERN stack, enabling users to perform complete CRUD operations on products and manage items through a dynamic cart system.
- Implemented a secure authentication system with OTP verification and password reset functionality to ensure user data protection and account integrity.
- Designed and built a responsive, intuitive user interface (UI) to deliver a seamless experience across all devices.
