PROFESSIONAL SUMMARY

Results-driven **Full-Stack & Mobile Software Engineer** with production experience shipping end-to-end web and mobile applications. Proficient in **React, React Native, Node.js, and modern cloud/database architectures (SQL/NoSQL)** with a track record of owning features from design to deployment — including payment integrations, real-time inventory systems, and i18n architectures. Seeking high-impact engineering roles at product-driven organisations.

TECHNICAL SKILLS

Languages: JavaScript (ES2023), TypeScript, SQL

Frontend / Mobile: React.js, React Native, Next.js, Expo, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, NestJS (Foundational), REST APIs, GraphQL

Databases & Cloud: MongoDB, MySQL, Redis, Firebase (Auth / Firestore / Functions), Vercel, Docker

Tools & Concepts: Git, GitHub, Postman, Android Studio, JWT/OTP Auth, RBAC, Razorpay, i18n, CI/CD

PROFESSIONAL EXPERIENCE

Software Development Engineer · Chai Cafeteria

Jharkhand, India | Dec 2024 — Feb 2026

- Architected and deployed a **hyper-local commerce platform** end-to-end, solving real-time inventory tracking, order routing, and multi-vendor fulfilment for **500+ active users**.
- Engineered **cross-border i18n architecture** with dynamic Hindi/English switching, broadening accessibility across regional markets.
- Integrated **Razorpay payment gateway** with webhook handling, order verification, and audit-grade transaction logging, ensuring secure and PCI-compliant payment flows.
- Published mobile app to the **Google Play Store**, achieving **20+ organic downloads in week one**; implemented RBAC for admin, vendor, and customer tiers.

Web Developer Intern · Dhirati Education

New Delhi, India | Jun 2024 — Aug 2024

- Delivered **4 responsive React.js pages**, contributing to a **20% improvement** in post-deployment navigation metrics.
- Translated Figma designs into pixel-perfect, cross-browser UI components; applied lazy loading and code splitting to reduce initial load times.

PROJECTS

AI Trip Planner — Mobile App [Live](#) | [GitHub](#)

Jun–Jul 2025

React Native • Expo • Gemini AI • Firebase

- Built an **AI-powered itinerary generator** using Gemini AI API, producing personalised travel plans from user inputs (destination, budget, group size, duration).
- Implemented real-time Firestore sync for cross-device persistence and Firebase Google OAuth for frictionless, secure sign-in.

Full-Stack E-Commerce Portal [Live](#) | [GitHub](#)

Sep 2025

Node.js • React • MongoDB • Express.js (MERN)

- Engineered a **production-grade MERN e-commerce platform** with OTP-based auth, state-managed cart, and multi-step checkout.
- Designed a **scalable MongoDB schema** with indexed CRUD for products, orders, and categories; secured APIs with validation middleware and rate-limiting.

EDUCATION

Bachelor of Computer Applications (BCA) · *Institute of Information Technology & Management (IITM)*, New Delhi | Sep 2023 — June 2026

ACHIEVEMENTS & HIGHLIGHTS

- Play Store Launch:** Shipped Chai Cafeteria mobile app to production with **20+ organic downloads in 7 days** and zero critical post-release defects.
- Performance Impact:** Achieved a **20% navigation improvement** at Dhirati Education through targeted React.js frontend optimisations.
- Full Ownership:** Sole engineer on two production systems — a full-stack commerce platform and a mobile app — from architecture through deployment.
- Athlete:** State Level **Kabaddi Player**, playing from past 5 years
